Subject: Project Construction Notice - Omaha "I" Street, 102nd to I-80 Ramp

The first phase of work on the City of Omaha's I Street project between 108th Street and the Interstate 80 (I-80) ramp is nearing completion, and crews are tentatively scheduled to reopen traffic in late September. The project has progressed ahead of schedule, and therefore construction of Phase 2 is also scheduled to begin in late September. The contractor, Charles Vrana & Son Construction Company, will begin construction of Phase 2 on **Monday, September 26, 2022**. Please see the construction phasing details and maps below for reference.

Crews will begin with Phase 2A on I Street from 108th to 102nd streets. During this construction, **a full closure of I Street will be in place from 108th east for approximately 700 feet**. Temporary traffic control restrictions and allowed movements will be as follows:

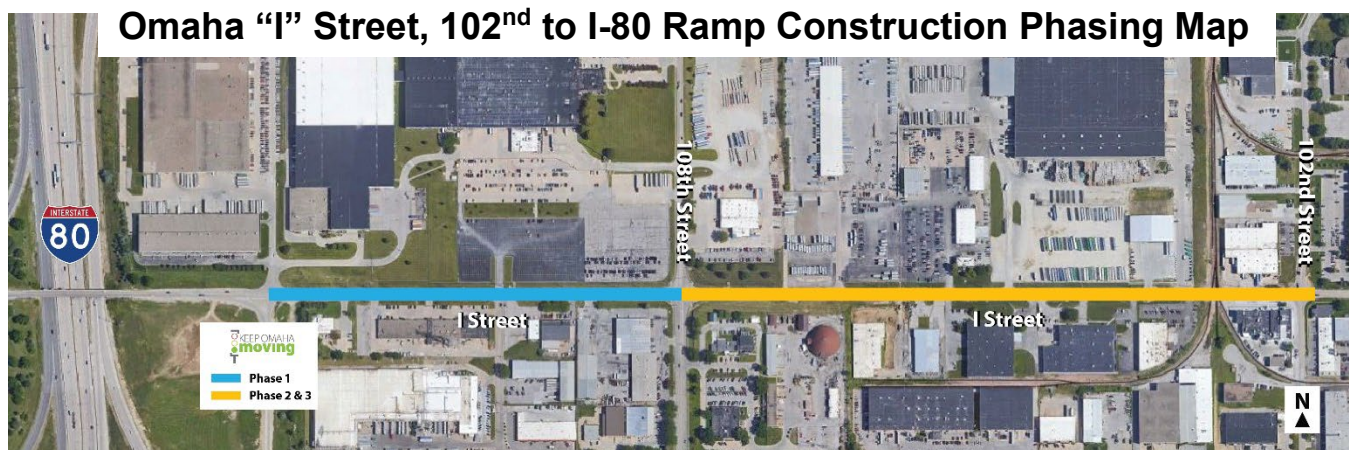

- I Street from the full closure east to 102nd Street will be closed to through traffic with access provided to local traffic only.
- Access to properties on and off I Street between 108th and 102nd streets will be required to use alternate streets to 102nd Street.
- Traffic traveling northbound/southbound on 108th Street and through the intersection will be maintained. Westbound turning movements onto I Street west of 108th Street will be allowed.
- Traffic traveling eastbound on I Street will be allowed to make southbound and northbound turning movements onto 108th Street.

For immediate, on-site assistance during construction, please contact Brian Frank with Vrana at 402.268.0475 or bfrank@vrana.com. For additional information, questions, or concerns throughout construction please contact:

Alyssa Vaughan - Public Coordinator
