KEEP OMAHA moving

Saddle Creek Road Streetscape Improvement Project
OPW 54540

Public Information Open House Meeting
February 6, 2024

City of Omaha
1819 Farnam St.
Omaha, NE 68183

Scope of Work
The proposed project will construct new sidewalks, pedestrian-scale lighting, landscaping, and on-street parallel parking. Additionally, space will be created for public amenities such as benches and bicycle parking. The goal of this project is to make enhancements to the area's current streetscape and improve the overall safety.
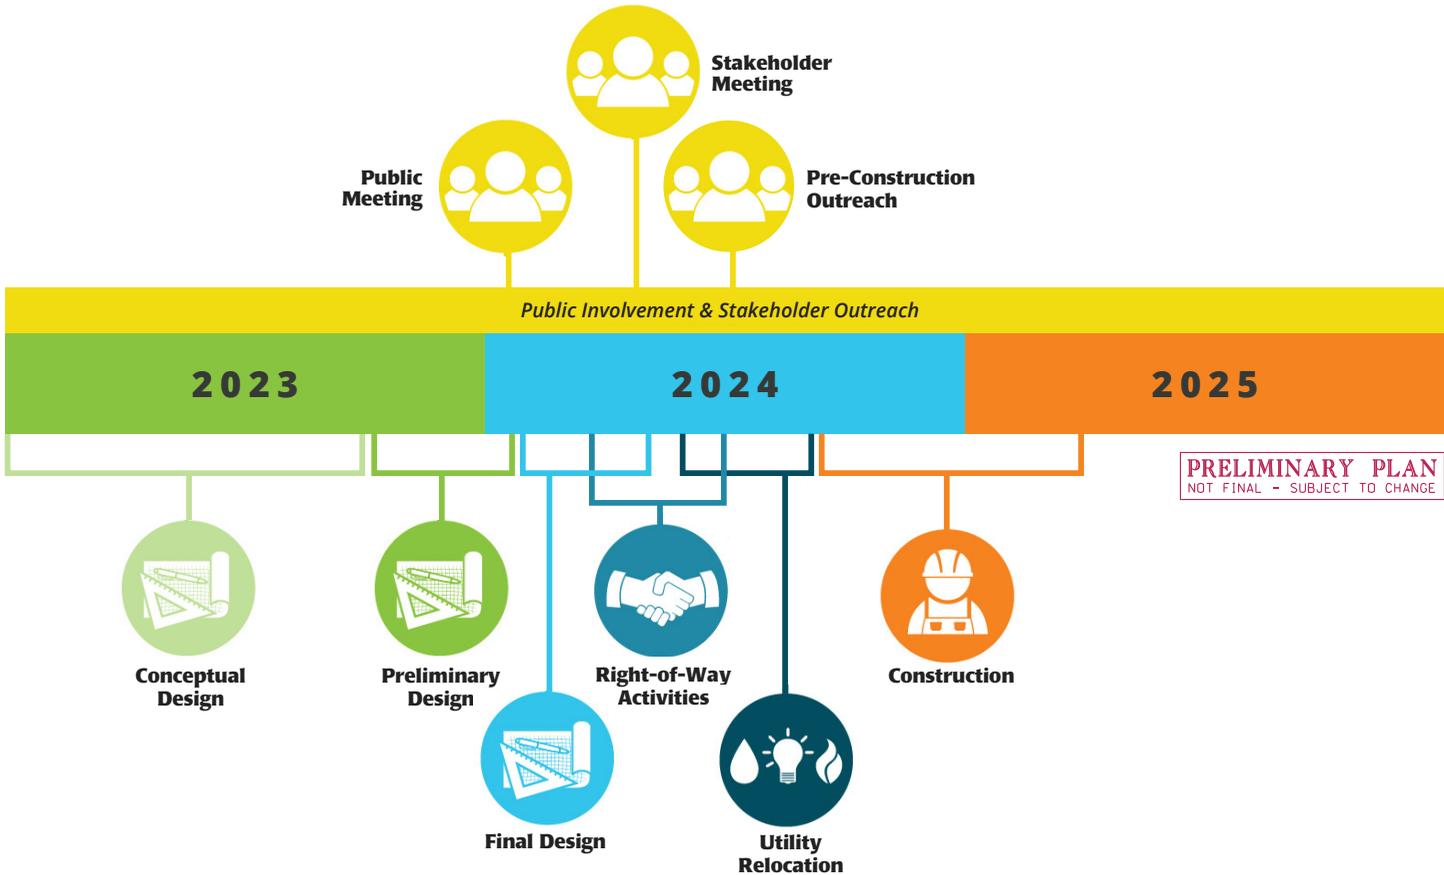

Accommodation of Traffic
Sidewalk and driveway closures would be required along Saddle Creek Road from 50th Street to Hamilton Street within the construction limits. However, access to businesses are intended to remain open throughout construction. Alternate routes may need to be utilized during construction to accommodate lane closures. At least one lane will remain open.

Estimated Costs
The estimated cost of construction for the Saddle Creek Road project is approximately $4.5 million. Funding would derive from American Rescue Plan Act and local public and private sources.
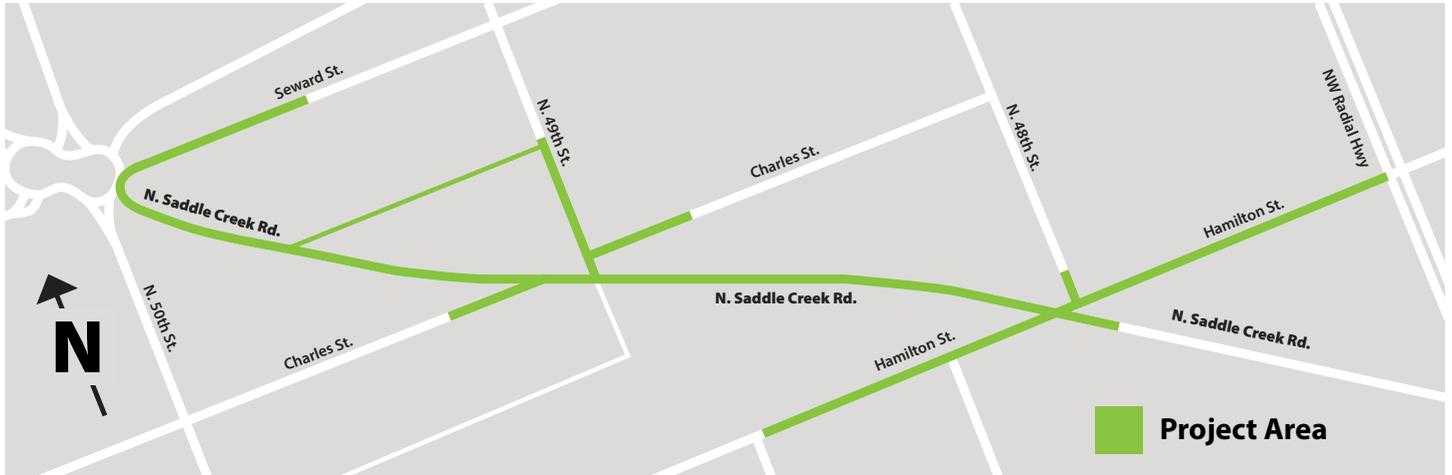

Project Schedule

Public Involvement & Stakeholder Outreach

- Public Meeting
- Stakeholder Meeting
- Pre-Construction Outreach

2023 — **2024** — **2025**
