

Project Schedule

Typical Roadway Cross-Section

48th Street Improvement Project
City of Omaha Project 52875
Omaha, NE

Pre-Construction Meeting | Thursday, February 8, 2024

Welcome!

The purpose of today's meeting is to keep you informed of the upcoming roadway improvements to 48th Street from Harrison Street to Q Street and Q Street from 48th Street to 44th Street, provide information regarding construction efforts, and to answer any questions you may have.

Project Background

This project will reconstruct 48th Street between Harrison Street and Q Street to a hybrid 2-lane and 3-lane section. Q Street from 48th Street to 44th Street will be reconstructed to a 3-lane section. Roundabouts will be constructed on 48th Street at the intersections of Y Street and Q Street. The project will include construction of new sidewalk and storm sewer.

Project Purpose

- Improve Safety, Operations & Mobility
- Enhance Pedestrian Facilities
- Improve Access Management
- Replace Aging Pavement
