Robert G. Stubbe, P.E.
Public Works Director

July 2024

Dear Resident and business owners:

The City of Omaha would like to take this opportunity to update you of one final lane configuration change upcoming that will affect your residence/business on the final portion of the 108th Street project from Decatur Street to Mill Valley Road. This final step will involve some minor ingress/egress changes to your everyday route to the south 108th Circle area so that the contractor can build out the final paving portion of the roundabout work near 108th & Burt Street.

Beginning Monday July 29, the traffic flow in your affected area will be rerouted and will last 4 days. Residents and business that reside roughly south of 108th & Burt Street, or along S. 108th Circle, will be directed through the new roundabout and to the north exclusively to exit and enter the area. Attached is a detailed map that shows the traffic pattern for this small amount of time.

Shortly after the completion of this work, all traffic will then be opened up fully to the public and the project itself will be drawing to a close. With that being said, there will be minor construction cleanup activities outside of the roadway areas over the next few weeks to follow but should not affect traffic in any major way going forward.

As always, please do not move or otherwise tamper with temporary fencing, barricades or other warning devices. They are essential for identifying potentially unsafe conditions. If applicable, please advise others **(including children)** at your location of the upcoming work and the need to exercise due care when in areas near or adjacent to the construction areas and activities. To help minimize delays in completing the work, please do not activate any lawn sprinklers that may spray water into the construction area.

Information regarding the project can be found on the City of Omaha's **Keep Omaha Moving** website:

<http://www.keepomahamoving.com/projects>

If there are specific questions or concerns regarding this project, please feel free to contact the individuals below:

Toby Wilsey..... Contractor On-Site Representative (402) 331-1244TAB Construction

Troy Staroscik..... City of Omaha Construction Manager (402) 444-5278.....Troy.Staroscik@cityofomaha.org

Thank you in advance for your cooperation during construction.

Sincerely,
City of Omaha
Public Works Department
