

Welcome!

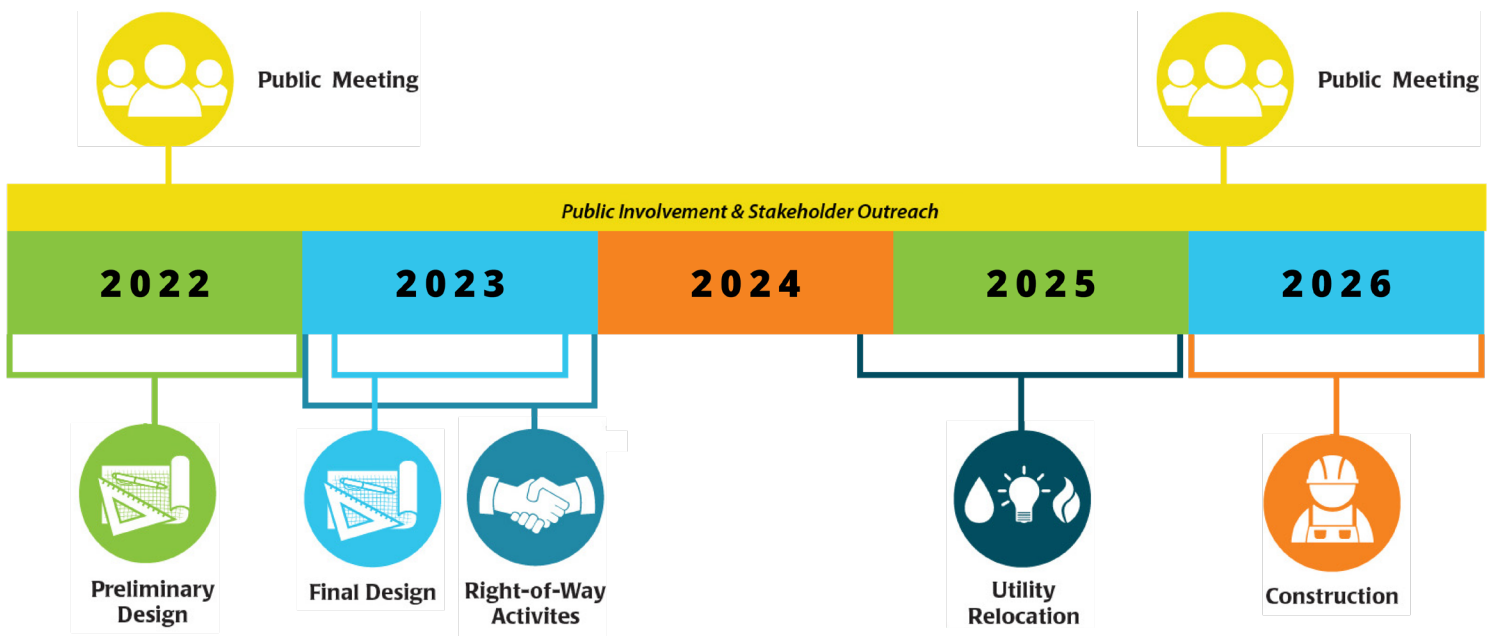

The City of Omaha is hosting a public open house information meeting for the 114th Street Improvement Project. The purpose of this meeting is to share information and receive your input regarding the planned improvements on 114th Street, from West Center Road to Pacific Street.

Project Background

The 114th Street project would reconstruct the existing roadway with new pavement and would include new curbs and gutters. The project would also evaluate and reconstruct curb ramps and sidewalks to meet current standards for the Americans with Disabilities Act where necessary.

Project Schedule

We want your input!

There are several opportunities to provide input or ask questions of the Project team:

Justin Zetterman, Project Manager | City of Omaha
402-444-5220 | justin.zetterman@cityofomaha.org
