168th STREET WEST CENTER RD. TO PACIFIC ST. CONSTRUCTION NOTICE

RE: Pile Driving Operations

Dear Property Owner or Tenant,

This notice is to inform you the City of Omaha has contracted with Charles Vrana Construction Company for the improvement of 168th Street from West Center Rd. to Pacific St. The City has retained Olsson to provide construction engineering services during the project. Throughout an approximate 9 week duration, contractors will be driving pile at the areas between Hickory and Pine Streets. This piling is driven into the ground to provide foundation support for the new roadway, sidewalk and drainage structure in this area. The timeframe for beginning these operations is the first week of May. While the workers will make every effort to complete this work by 5:30 PM., there will be times when this is not possible, and the work may need to continue into the evening hours.

The City has asked that workers endeavor to complete this work as quickly as possible and to minimize any afterhours disturbances. While we anticipate some afterhours pile driving will be necessary, it is expected to only occur periodically throughout this approximate 9 week duration. We are sorry for the inconvenience, but this is necessary to ensure a rapid completion of the project and quality construction.

If there are specific questions or concerns regarding this project, please feel free to contact the individuals below:

Troy Renken	Olsson Onsite Rep	(402) 980-4030	trenken@olsson.com
Ryan Amys	Olsson Project Manager	(402) 580-5253	ramys@olsson.com
Luke Jager	City Project Manager	(402) 444-5220	luke.jager@cityofomaha.org

Sincerely,

City of Omaha
Public Works Department
