PROJECT PURPOSE

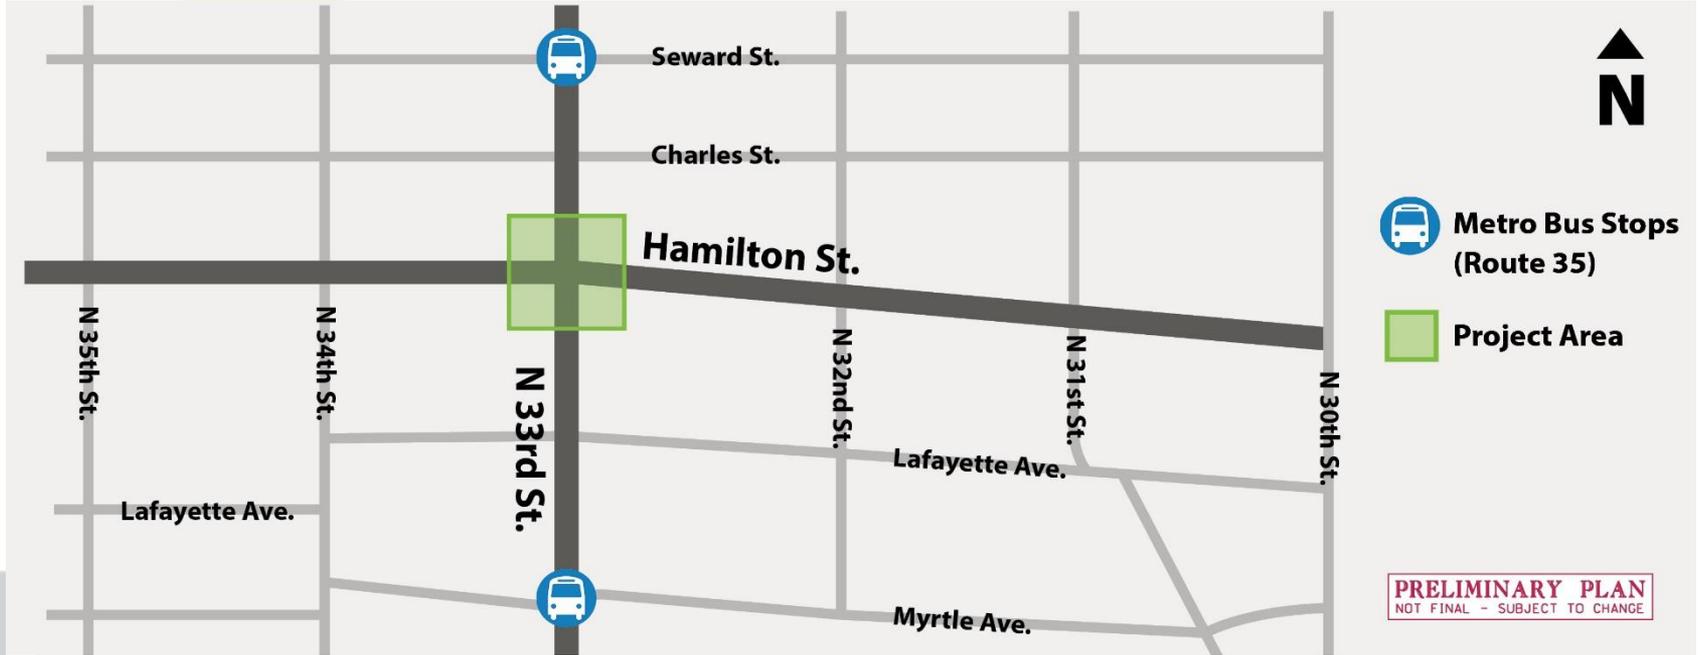

- The purpose of this project is to reconstruct the intersection of 33rd and Hamilton streets in Omaha while minimizing impacts to adjacent properties at the intersection.

PROJECT NEED

- The need for the project is to remove an unwarranted traffic signal, improve safety and reduce travel speeds, and reduce the intersection crash rate.

PROJECT LOCATION

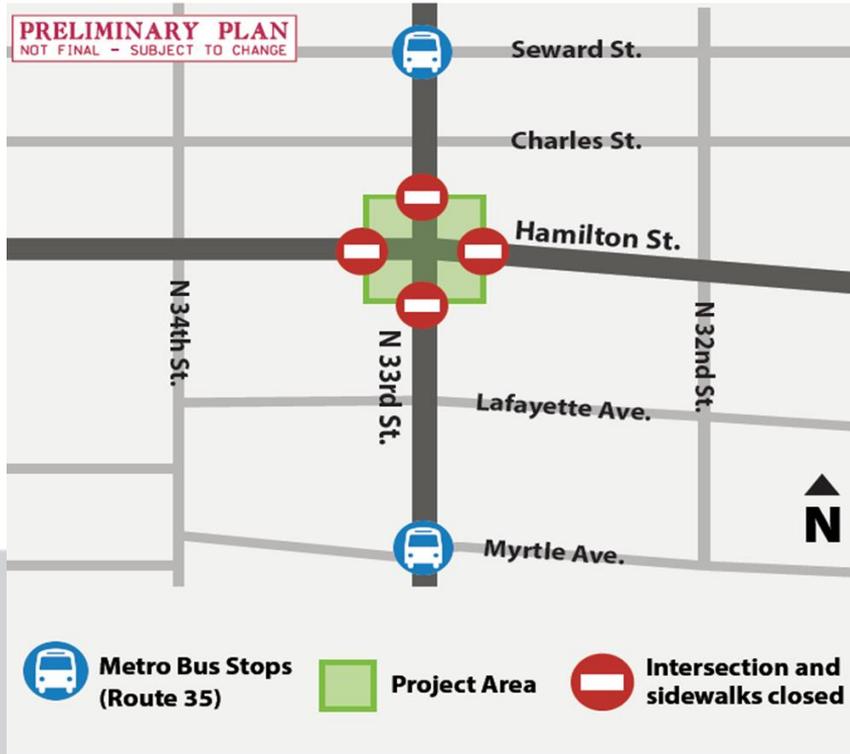

ENVIRONMENTAL CONSIDERATIONS

- No impacts to trails, parks, wetlands, floodplains, or threatened and endangered species are anticipated.
- Due to temporary easements and the removal of one tree, there is a *de minimis* impact to a historic Section 4(f) resource.
- No adverse effects to Historic Properties are anticipated.

ENVIRONMENTAL CONSIDERATIONS

- On-street parking is planned to be removed permanently.
- The intersection and sidewalks located within the project area would be closed during construction.

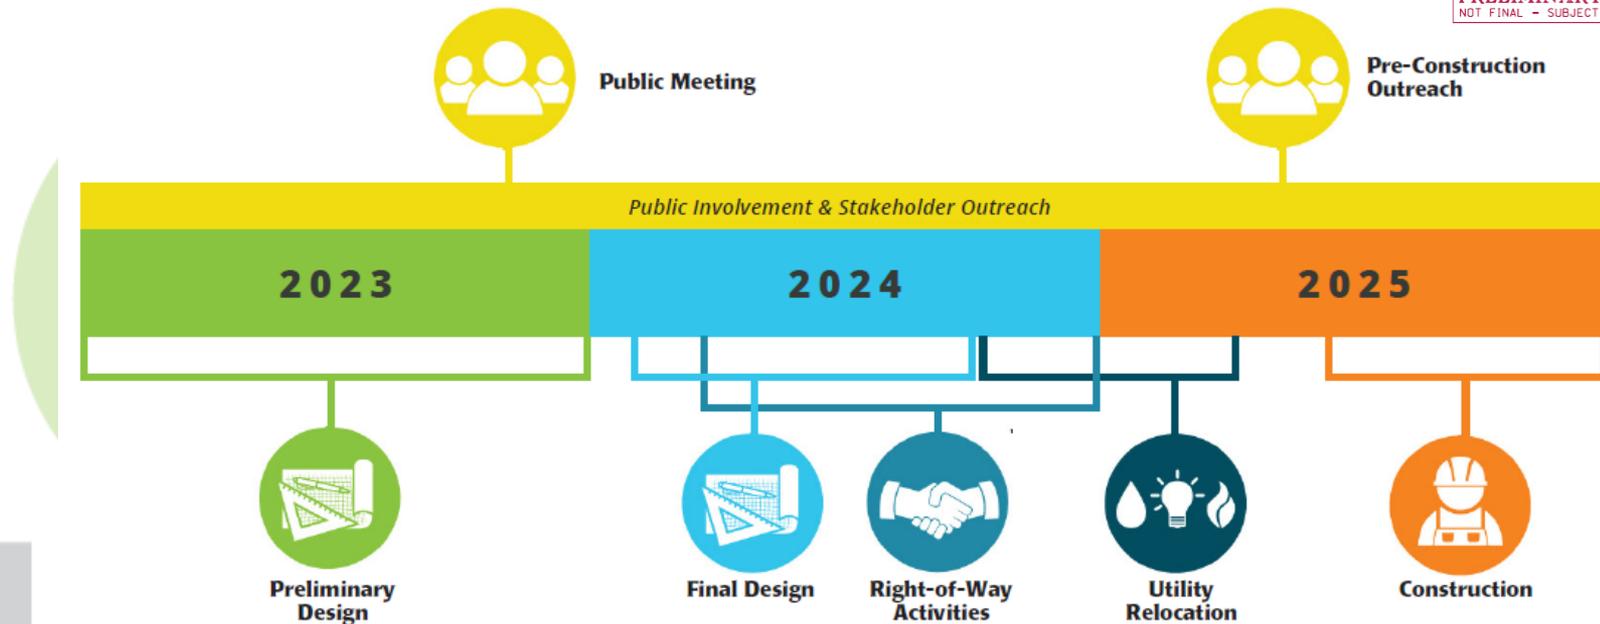

ENVIRONMENTAL CONSIDERATIONS

- Bus stop locations at 33rd & Hamilton Street would be impacted during construction.
- Alternate bus stops are located within 600 feet of the 33rd & Hamilton Street bus stop.
