

72nd & D Street Bridges Project

Omaha, NE

Welcome!

The purpose of this meeting is to:

- Present preliminary design
- Answer questions
- Receive your input

City of Omaha
1819 Farnam Street
Omaha, NE 68183

72nd & D Street Bridges Project

Omaha, NE

Project Purpose & Need

72nd Street, between F Street and just south of I-80, serves as a vital connection for commuters and industrial businesses in the area.

As the existing bridge is reaching the end of its useful life, and current traffic demand has put this corridor over capacity, enhancements are needed to:

-  Improve capacity
-  Improve safety
-  Decrease congestion

	Current Daily Traffic	40,400
	Projected 2040 Traffic	56,900
	Estimated Construction Cost	\$8.8 M

72nd & D Street Bridges Project

Omaha, NE

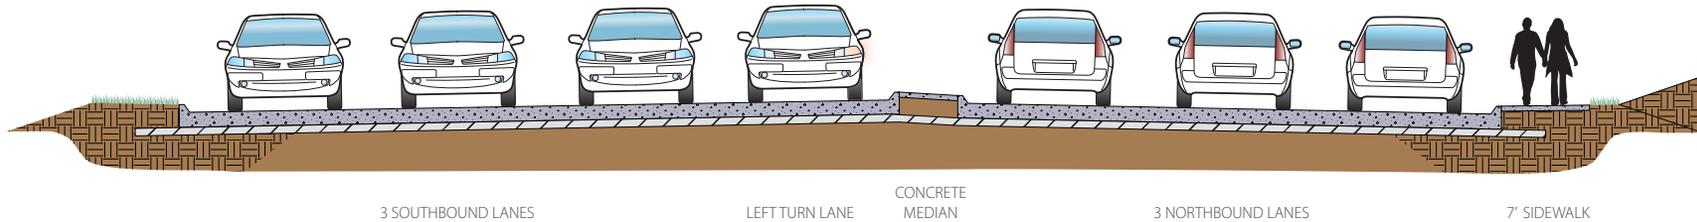

Typical Roadway Cross Sections

Six Lane Divided Concrete Pavement

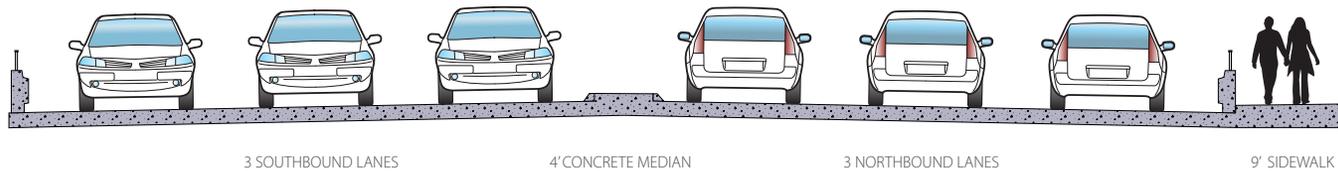

Six Lane Divided Concrete Pavement with Left Turn Lane

(at the intersection of 72nd and F Street only)

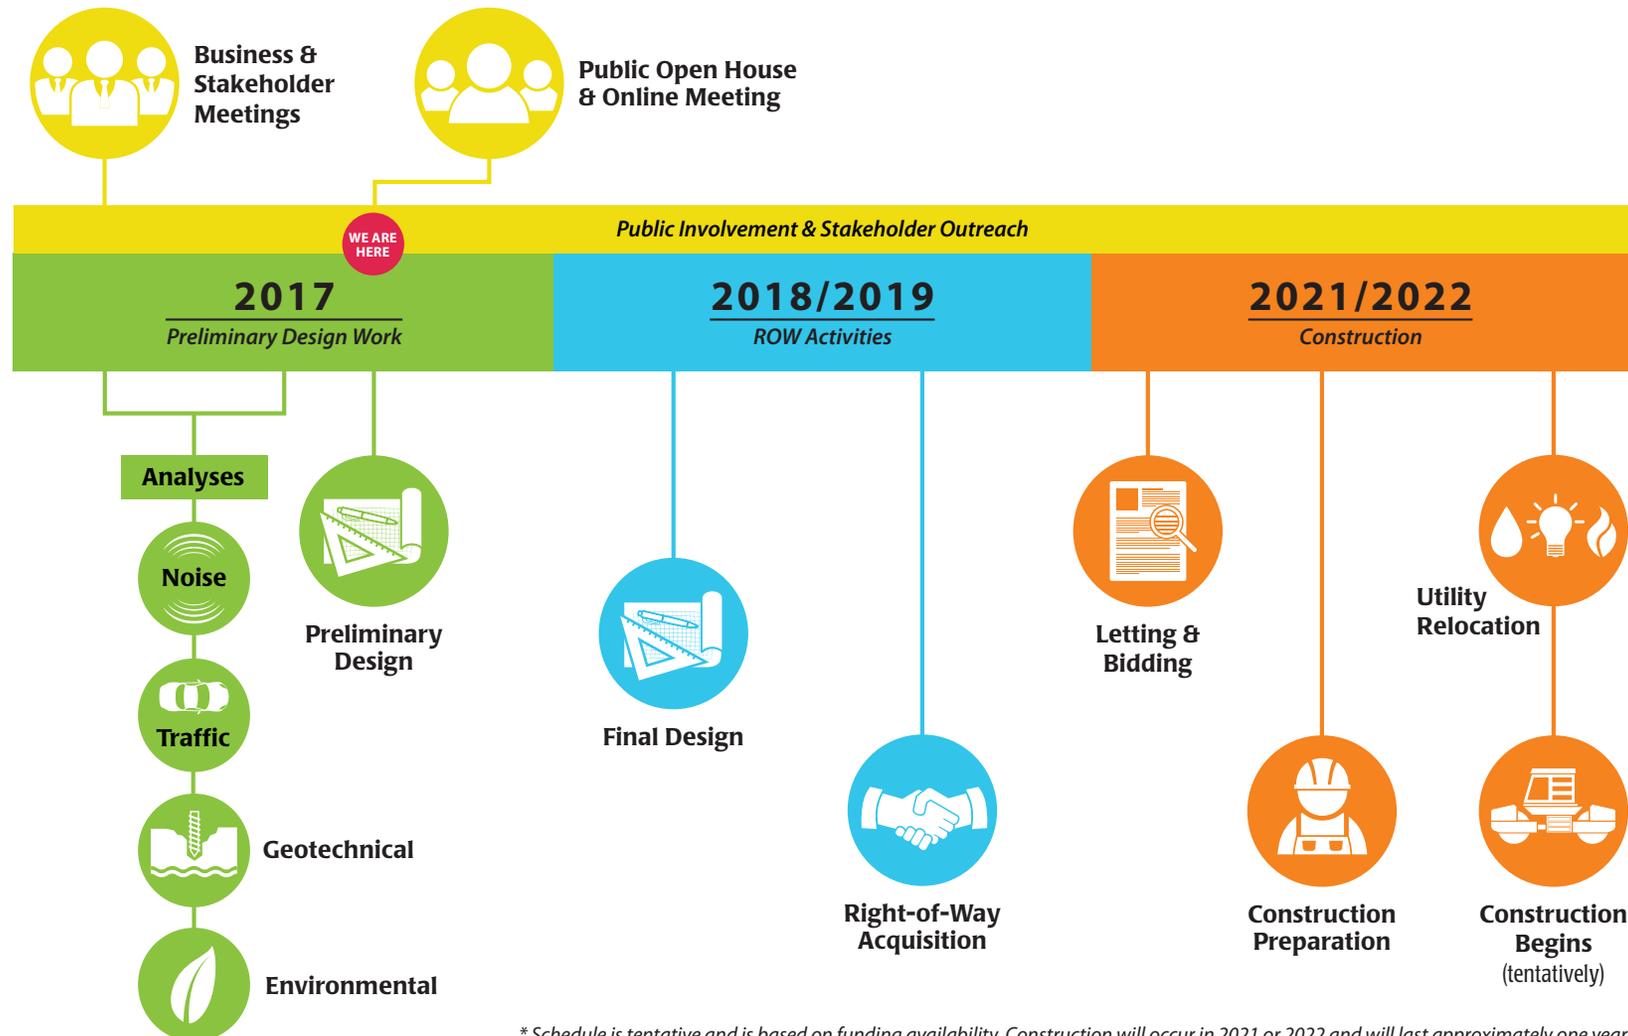

Six Lane Divided Bridge

72nd & D Street Bridges Project

Omaha, NE

Project Schedule

* Schedule is tentative and is based on funding availability. Construction will occur in 2021 or 2022 and will last approximately one year.
