Public Information Open House Meeting 33rd & Hamilton Intersection Improvement Project

HSIP-28(139) 33rd & Hamilton; CN 22848

The City of Omaha Public Works Department will hold a public information open house meeting regarding improvements at the intersection of 33rd Street and Hamilton Street.

Proposed improvements would include removing the current signalized intersection and replacing it with a roundabout. On-street parking would be removed near the intersection on 33rd Street. New pavement, driveway reconstruction, sidewalk improvements, curb and gutter, raised medians, and storm sewer improvements would also be included.

This meeting is being held to provide information regarding the project, and to receive the public's input. Design information will be displayed and personnel from the project team will be present to answer questions and receive comments.

The public is encouraged to make suggestions or express concerns regarding this proposed project. **Comments will be collected through January 5, 2024.**

Written comments
or questions should
be submitted to:
